or e-mail to info@kungsbacka.se

Instructions

Child and guardians' personal details

Civic registrations numbers have 10 digits, YYMMDD-XXXX

Care needs

If you are working or studying, or if the application is for a child with specific needs for place at a preschool or in educational care with a childminder, write how many hours per week the child needs the place.

Children between 3-5 have the right to 15 hours care per week if the parent is not working, seeking work, studying or on parental leave.

Care during unsocial working hours

The municipality can offer childcare in the evenings and weekends after an individual needs assessment. Care is available at Signeshus preschool in central Kungsbacka at the following times:
Monday-Friday 18.30-22.30, Saturdays and Sundays 7.30-19-30

If you need care during unsocial working hours, specify this by putting a cross in the box. You will then receive a letter asking for additional information that is the basis for a need assessment. For more information on childcare in the evenings and at weekends, visit our website: www.kungsbacka.se

A place is wanted from

Write the date when you want your child to start. Don't forget to include the time for introduction.

To have a place at a preschool or in educational care/with childminder, the child must be officially registered in Kungsbacka municipality.

Other information

Write here if your child has another mother tongue or an allergy, for example.

Questions

Please contact us if you have any questions. You can speak to one of our coordinators at Kungsbacka direkt on 0300-83 40 00 or email at barnomsorg.support@kungsbacka.se
